The Swiss Chemical Society (SCS)

The Swiss Chemical Society (SCS) is the professional body for chemists and scientists from chemistry-related fields both in Switzerland and abroad. The society supports the exchange of scientific and technical know-how and offers corresponding networking possibilities to the academic and industrial community and represents our members in national and international organizations. We have members in more than 50 countries and represent about 2700 individual and institutional members.

Key activities of the SCS include

- **Events** such as scientific meetings, congresses and courses to assist, inform and educate the community in all fields of pure and applied chemistry.
- **Awards** for outstanding contributions in a wide range of chemical fields.
- **Representation** of interests of Swiss scientists in national and international organizations.
- **Publication** of the scientific journal CHIMIA and involvement in associated journals, e.g. Helvetica Chimica Acta, ABC, PCCP and the journals of ChemPubSoc.

The SCS is a member of European Chemical Sciences (EuCheMS), the Swiss Academy of Sciences (SCNAT) and the Swiss Academy of Engineering Sciences (SATW). It is also connected to the International Union of Pure and Applied Chemistry, IUPAC (with the Platform Chemistry of the SCNAT being the Swiss representative) and has a standing membership on the board of scienceindustries.

CHIMIA, International Journal for Chemistry and Membership Journal of the SCS

CHIMIA, a scientific journal for chemistry in the broadest sense covers the interests of a wide and diverse readership. Contributions from all fields of chemistry and related areas are offered for publication in the form of Review Articles and Notes. A characteristic feature of CHIMIA are the thematic issues, each devoted to an area of great current significance, produced by a guest editor, an acknowledged expert in the field.

CHIMIA is published 10 times a year and is listed in the most important databases: Current Contents/Physical, Chemical and Earth Sciences, Chemical Abstracts, Science Citation Index, Research Alert, Scisearch, Index Chemicus, Chemistry Citation Index, Current Chemical Reactions, Reaction Citation Index, and Biological Abstracts.

Company Reports

Would you like to present your latest products, processes or methods to a broad scientific community? Company Reports in CHIMIA offers you easy access to decision makers from academia and industry.

Company Reports focus on scientific innovation in any field of chemistry and biotechnology. They support your marketing efforts in an efficient way and provide more scientific background information than simple ads.

Company Report Topics
- Analytical measurement instruments
- Laboratory installations
- Laboratory apparatus
- New chemical compounds and intermediates

Price
Company Report per page
CHF 1,600

Institutional Membership

SCS not only offers membership to individuals but also collaborates with companies and partner societies and provides an attractive package of offers.
An institutional membership costs CHF 800.00 per year (+CHF 100 for an additional DIAC membership) and includes the following services:

Complementary services
- CHIMIA subscription incl. e-access for one site via IP-range (regular price CHF 520);
- 1 free company report in CHIMIA (1 page, regular price CHF 1,600);
- Listing as SCS member on the SCS website;
- Listing as SCS member in CHIMIA, November issue;

Reduced rates
- 50% discount on secondary subscriptions for multi-site companies. This includes electronic access;
- 50% discount on 2nd and 3rd company reports in CHIMIA (one report is free of charge);
- 1/4 page for CHF 800.00 (regular price CHF 1,600);
- 1/2 page for CHF 400.00;
- 30% discount on 1st ad (any size);
- 50% discount for job ads;
- Advertisement packages for CHIMIA (all same size): 30% on 1st ad, 50% on 2nd and 3rd ad;
- Pre-booking possibilities as exhibitor at SCS events;

Register as a corporate member on: http://scg.ch/membership/ or write an email to info@scg.ch.

Institutional Members 2017
Advison Ltd., Essex (GB); Bachem AG, Bubendorf; Büchi AG, Uster; CARBOGEN AMCIS AG, Bubendorf; CIM Chemicals AG, Zug; Clarient International Ltd., Muttenz; Dottikon Exclusive Synthesis AG, Dottikon; ETH Zürich, Zürich; ETHE, Zürich, Zürich; F. Hoffmann-La Roche AG, Basel; Faust Laborbedarf AG, Schaffhausen; FEBEX S.A., Bex; Firmenich SA, Geneva; Givaudan Schweiz AG, Dübendorf; Givaudan Suisse SA, Bern; Helsinn Advanced Synthesis SA, Biasia; INEOS Europe AG, Rolle; Ivolcar Vivadent AG, Schaan; Lonza AG, Visp; MDPI AG, Basel; Merck & Cie, Schaffhausen; METAS, Federal Institute of Metrology, Bern; Metrohm Schweiz AG, Zofingen, Middlebury College, Middlebury (US); Novartis Pharma AG, Basel; Omya International AG, Olbringen; Rolic Technologies Ltd., Alschwil; Schärer & Schläpfer AG, Rothrist; SICPA SA, Prilly (VD); Siegfried Ltd., Zofingen; Sigma-Aldrich Production GmbH, Buchs; Société Suisse des Explosifs, Brig; Solvias AG, Kaiseraugst; Syngenta Crop Protection AG, Männedorf, Stein; TCI Europe NV, Zwijndrecht (BE); Thermo Fischer Scientific (Schweiz) AG, Reinach; UCB FARCHIM SA, Bulle; Vyzkumný Ústav Organických Synetv., Pardubice-Rybítví (CZ); Zeehoch AG, Uetikon am See
