

SCS Spring Meeting 2014

Frontiers in Organic Chemistry

and Werner Prize Lectures 2014

April 24, 2014, 09.30 - 17.30

Department of Chemistry
University of Fribourg

Program

-
- 09.30 Welcome coffee, registration
-
- 10.00 Opening, welcome
- 10.10 **Prof. F. Dean Toste**, Department of Chemistry, University of California, Berkeley (USA)
Enantioselective Catalysis with Cations and Anions
- 11.00 Ceremony Werner Prizes 2014
- 11.10 **Prof. Clémence Corminboeuf**, EPFL Lausanne
Pitfalls and Perils in DFT Land: A Survival Guide
- 11.45 **Prof. Jérôme Waser**, EPFL Lausanne
Taming Hypervalent Bonds and Strained Rings for Catalysis and Synthesis
-
- 12.20 Lunch / Commercial Exhibition
- 13.00 SCS General Assembly 2014
-
- 13.30 **Prof. Matthew Gaunt**, Department of Chemistry, University of Cambridge (UK)
New Activation Modes for Palladium-Catalyzed Aliphatic C-H Bond Functionalization
- 14.20 **Prof. Andreas Pfaltz**, Department of Chemistry, University of Basel
New Catalysts and Screening Methods for Asymmetric Synthesis
-
- 15.10 Break
-
- 15.40 **Prof. Erik J. Sorensen**, Department of Chemistry, Princeton University (USA)
Taking Risks in Complex Synthesis Design
- 16.30 **Prof. Tobias Ritter**, Department of Chemistry, Harvard University (USA)
Late-Stage Fluorination for PET Imaging
-
- 17.20 Closing remarks
-

Free admission
Please register on www.scg.ch/springmeeting2014/

Venue

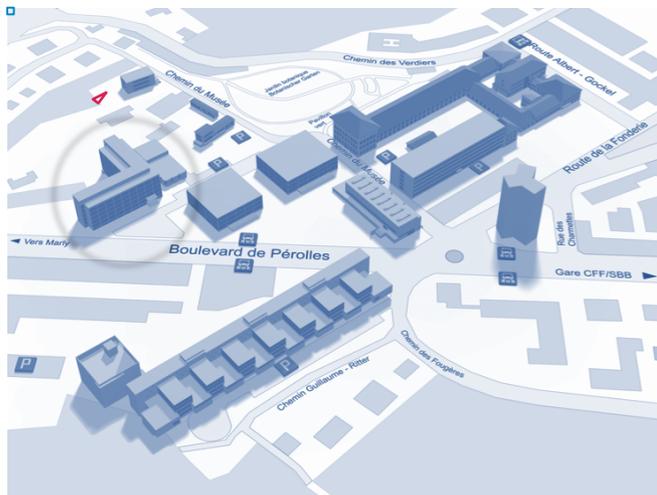

University of Fribourg
Department of Chemistry
Main auditorium (0.013)
9 Ch. du Musée
1700 Fribourg

Traveling by train

From Fribourg main station, take bus nr. 1 to Fribourg, Plateau-de-Pérolles or bus nr. 3 or 7 to Fribourg, Charmettes. Traveling time from main station to the department is about 8 minutes. Swiss Railway timetable on www.sbb.ch

Traveling by car

Limited parking possibilities are available on the campus area. Paid parking nearby.
