CHanalysis 2016

The Division Analytical Sciences of the Swiss Chemical Society (SCG/DAS) is organizing CHanalysis, a meeting of Swiss analytical scientists.

The goal of the meeting is to stimulate a stronger cooperation among persons working in different areas of analytical sciences. Scientists from applied and fundamental research and education are welcome.

Contributed lectures and posters

For the sessions of contributed lectures (15min each), the organizers will select a total of twelve abstracts. Posters covering any topics in analytical sciences are welcome.
