

SCS Lectureship Award 2022

Prof. David Nesbitt

University of Colorado Boulder, USA

colorado.edu

Tue, April 25, 2023, 16.45h, ETH Zurich

«A Physical Chemist in Search of Simplicity: From Interstellar Chemistry to Single Molecule Biophysics»

Lecture hall HCI J 3, ETH Hönggerberg, Zurich

Wed, April 26, 2023, 16.30h, University of Zurich

«Kinetics and Thermodynamics of Nucleic Acid Folding: Chirality/Temperature/Pressure Dependent Studies at the Single Molecule Level»

Lecture Hall Y24-G-55, Irchel Campus, Winterthurerstrasse 190, Zurich

Thu, April 27, 2023, 16.30h, University of Basel

«High Resolution Spectroscopy of Molecular Transients: Cosmochemistry, Combustion, and COVID! »

Large Lecture Room 3.01, Klingelbergstrasse 80, Basel

Mon, May 1, 2023, 17.00h, EPFL Lausanne

«Chemical Physics at the Gas-Liquid, Gas-SAMs, and Gas-Molten Metal Interface»

Room CH G1-495, CH Building, Lausanne

Tue, May 2, 2023, 16.30h, University of Geneva

«A Physical Chemist in Search of Simplicity: From Interstellar Chemistry to Single Molecule Biophysics»

Room 1S081, Sciences III, 30, quai Ernest-Ansermet – 1205 Geneva
