From Lab to Production – Insights into Process Chemistry

The event series with 1-2 events per year at Swiss universities enables students and PhDs to get an insight into process chemistry. Besides teaching the basics, an illustrative example from industry is discussed.

Goals of the Event

- Understand the challenges in process chemistry and recognize the differences between laboratory work and chemical production.
- Get in contact with process chemists from industry and expand its own network.

Venue

University of Bern, Department of Chemistry, Biochemistry and Pharmaceutical Sciences, Freiestrasse 3, 3012 Bern
14. June 2023, 16.30-19.00h

Program

16.30 Welcome
16.40 Insights into Process Chemistry
17.00 Case study from industry
17.30 Aperitif

Program Directors

- Stefan Hildbrand, F. Hoffmann-La Roche AG
- Urs Brändli, Dottikon Exclusive Synthesis AG
- Maurus Marty, DSM Nutritional Products Ltd.
- Niklaus Künzle, Lonza AG

The Event is supported by

**Berner
Chemische
Gesellschaft**
