

How can you get more out of your data? Datamining @ Bosch Packaging

Marc Michaelis

Hüttlin GmbH, A Bosch Packaging Technology Company
Hohe-Flum-Strasse 42, D-79650 Schopfheim

The lecture will introduce you to the concept of i4.0 and how it is related to pharma. Use cases from laboratory and production-scale equipment will demonstrate how valuable knowledge can be extracted from your process data. The proposed method underlines the concept of the PAT, QbD and CPV Framework, or can also be used for root cause analysis and continuous improvement projects.
